<p class="content">
```
Walchand College of Engineering is situated midway between Sangli and
Miraj cities at Vishrambag, Sangli. The WCE campus is located on about 90 acres
of land on southern side of Sangli ? Miraj road.

In 1947, the college made a modest beginning as New Engineering College, with a
single program leading to B.E. (Civil) degree. In the year 1955, the College was
renamed as Walchand College of Engineering as part of the new arrangements and
pursuant to the Rehabilitation and Development Program mainly funded by Seth
Walchand Hirachand Memorial Trust and the Government. The Government appointed a
Ad Hoc Committee for conducting the college from May 1955, later replaced by the
Administrative Council in 1956. The Ad Hoc Committee added two more degree
programs in B.E. (Mechanical) and B.E. (Electrical) in 1955 with the intake of 20
each. Three Diploma programs also started in 1955 ? Civil (40 intake), Mechanical
(20) and Electrical (20).

Post Graduate programs in Civil, Mechanical and Electrical Engineering and
Diploma program in Industrial Electronics were introduced in 1971. In 1986 the UG
and PG programs in Electronics Engineering and UG program in Computer Science and
Engineering were introduced.

PG program in CSE was introduced in 1997. In 2001, added B.E. program in
Information Technology with an intake of 60 students. An additional intake of 30
students was also sanctioned for Computer Science & Engineering program,
resulting in total intake of 390 students for all branches at UG level and 106 at
PG level. As part of strategic planning, PG section is being strengthened and PG
intake has now steadily risen to 240 across 10 programs. The College has a QIP
scheme for full-time doctoral programs and also offers Ph. D. programs of Shivaji
University in various branches of engineering.
